## Please note

If you are required for an agent in Bangalore to handle your containers for export purposes, we can arrange the same, as we have good rapport with local forwarders and also with some direct exporters, where we can evacuate your container for export load. This we can have an agreement on the agency commission accordingly. Please let us know your willingness on the same, enable to have discussion accordingly.

Best and approved quality materials are only used for repairs, which are done by our trained and skilled workmen and also supervised by qualified Staff.

Surveys are conducted by IICL qualified inspectors.
